Recycled materials

Durability

Stainless steel resists dents, scratches and breaks from heavy impact

Won't rust or stain, even with frequent use outdoors

End-of-Life

If intact, consider donating to charity or second-hand stores

Deconstruct if possible for separated recycling

Audits

Certificates

No certifications are available for this product

Product description

Double-wall stainless steel vacuum construction with copper insulation, which allows beverages to stay cold for 24 hours or hot for at least 8 hours. The construction also prevents condensation on the outside of the tumbler. Screw-on leak-proof lid. On-trend, durable powder coating. Volume capacity is 360ml. Presented in an Avenue gift box.
