Product description

The Americano® POP double-wall insulated tumbler contains 47% recycled Prevented Ocean Plastic. Thanks to a world first in recycling, single-use PP cups can now be collected and mechanically recycled into new food-safe products, just like this one! In fact, this tumbler transforms 20 single-use plastic cups into a drinkware item that can be used over and over again – and then recycled again! With a practical 350 ml capacity, it’s perfect for everyday use at home, in the office, or on the go. The mug is fully recyclable, BPA-free, and dishwasher safe. Each tumbler is supplied in its own individual cardboard box, ideal for gifting or retail presentation. Made in the UK.

Available branding options

Screenround (size in mm)

Max. 4 colors
