Product description

The Americano® Espresso POP tumbler contains 50% recycled Prevented Ocean Plastic. Thanks to a world first in recycling, single-use PP cups can now be collected and mechanically recycled into new food-safe products, just like this one! In fact, this tumbler transforms 18 single-use plastic cups into a drinkware item that can be used over and over again – and then recycled again! Compact, double-wall insulated tumbler with twist-on lid. Fits under most coffee makers. Volume capacity is 250 ml. BPA-free. EN12875-1 compliant, dishwasher safe, and microwave safe. Made in the UK.

Available branding options

Screenround (size in mm)

Max. 4 colors
