Product description

Large double-walled water bottle with 18/8 stainless steel vacuum construction and copper insulation, which means it keeps drinks hot for 12 hours and cold for 48 hours. The construction also prevents condensation on the outside of the bottle, and the on-trend powder coating makes it extra durable. Stainless steel screw-on leakproof lid with durable stainless steel hand loop. Wide opening for easy filling, pouring and cleaning. BPA-free, tested and approved under German Food Safe Legislation (LFGB). Tested and approved for phthalates content according to REACH regulations. Perfect for ice cubes. Volume capacity is 1 L. Hand wash recommended. Presented in a recycled cardboard gift box.
