### The product covered by this declaration is made of below materials:

- Body: Polypropylene (PP) + Multi-color coating
- Lid: Polypropylene (PP)

### The product meets the relevant requirements laid down in the legislation set out below:

- Regulation (EC) No 1935/2004 on materials and articles intended to come into contact with food as amended.
- Regulation (EC) No 2023/2006 on good manufacturing practice for materials and articles intended to come into contact with food (as amended).
- Regulation (EU) No 10/2011 on plastic materials and articles intended to come into contact with food, as amended by Regulation (EU) 2020/1245

**Information about the compliance of substances used that are subject to any restriction or specification:**

|                                                |                                                                                                                                           |
|------------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Compliance with overall migration limit</b> | Overall migration is below 10 mg/dm <sup>2</sup> under standard testing conditions laid down in Regulation (EU) No. 10/2011 (as amended). |
|------------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------|

The product does not contain substances restricted by Specific Migration Limits (SMLs) according to Annex I and Annex II of Regulation (EU) No 10/2011.

**Information about the use of dual use additives**

No dual use additives were used in the manufacture of this product restricted by Regulation (EC) No 1333/2008 (as amended) and Regulation (EC) No 1334/2008 (as amended) or their implementing measures.

**Conditions of use:**

- **Type(s) of food with which the product is intended to be put in contact:**
  - Clear drinks (water, clear fruit or vegetable juices of normal strength or concentrated, fruit nectars, lemonades, syrups, infusions, coffee, tea, flavored water, liquid coffee extract);
  - Cloudy drinks (juices and nectars containing fruit pulp, musts containing fruit pulp, liquid chocolate);
  - Milk and milk based drinks whole, partly dried and skimmed or partly skimmed.
- **Time and temperature and storage while in contact with food:**
  - 70°C for up to 2 hours
  - 100°C for up to 15 minutes
- **The ratio of food contact surface area to volume used to establish the compliance of the product:**
  - The compliance testing was done under conditions set out in Regulation (EU) No. 10/2011 using a surface to volume s/v contact ratio of 2.78 dm<sup>2</sup>/ 450g (Body) and 1.7dm<sup>2</sup>/ 850g (Lid).

**Functional barrier**

There is no functional barrier present.

**Warning**

Appropriate using conditions have to be applied when using the product. The product must not be used in any medical device and/or pharmaceutical applications.

This statement and any information provided herein do not constitute a legally binding obligation for PF Concept International Coöperatief U.A. and is provided for your guidance only. All information contained in this document is given in good faith and is based on sources believed to be reliable and accurate at the date of publication of this document, including our best current knowledge and understanding.

This statement expires 24 months after the date of issue or in case of regulatory changes before such date. Please ask for a new confirmation, if needed.

The certificate is exclusively for our customers and respective competent authorities. It is not intended for publication either in printed or electronic form (e.g. via Internet) by others. Thus, neither partial nor full publication is allowed without written permission.

*To the best of our knowledge, we confirm that above product does not contain any substance of very high concern (SVHC) meeting the criteria in Article 57 and identified in accordance with Article 59(1) of Regulation (EC) No 1907/2006 concerning the Registration, Evaluation, Authorization and Restriction of Chemicals (REACH) in a concentration above 0,1% weight by weight (w/w). We refer to the "Candidate List of substances of very high concern for Authorization" published by the European Chemicals Agency (ECHA) and last amended on January 23th, 2024: <https://echa.europa.eu/candidate-list-table>*
