No certifications are available for this product

Product description

This camera blocker is the perfect accessory for protecting your digital life from hackers spying on you, and for preventing scratches on the camera. Simply align to your webcam, attach and press firmly for a few seconds for a strong seal. Slide over to block/unblock the camera. Does not prevent laptops from closing perfectly. Compatible with most laptops with camera. Made of a mix of wheat straw and ABS plastic, reducing the need of virgin plastics.
