Product description

2.4A fast charging cable (3 x 10 cm) that can be customised with light-up logo on both sides, which also can be different from each other. This cable is entirely made with more sustainable materials: recycled PET cords, bamboo, wheat fibres and recycled plastic. The charging cable is made to be universal thanks to its 3 outputs (Type-C, Android, iPhone), and it can charge up to three devices simultaneously. Thanks to its double USB and USB-C input, this cable is compatible with the most recent chargers. Delivered in a cotton pouch (20 x 8 cm) with a kraft paper card.

Available branding options

Laser engraving (size in mm)

Max. 1 color

Vector files only

Centered on middle panel
(front)

14 X 14
